-------------------------------	-----	----------------	--

SEPA Environmental Event Report

Action e-mailed my own e-mail address out of hours to report strong doours from 2 Sisters. I picked the e-mail up the
Description following morning and responded. I advised to e-mail EPI Perth mailbox and call SCC to ensure complaint is
received and actioned as soon as possible.

I contacted 2 Sisters to notify them of the complaint and to request an investigation into the potential source. I also asked
for confirmation that the sodium hypochlorite and carbon scrubbers were now fully operational following previous
issues.

No source identified.

No further works at this time, but liaison continuing with the site.
